Wireless Optical Mouse
3100P

Thanks to its symmetrical design, the 3100P is the perfect ergonomic fit for both left- and right-handed use. The rubberized grips on the sides ensure you have total control, even in hectic situations. The 5 GHz standard not only ensures transmission is interference free, it also – in combination with Rapoo's latest energy saving technologies – offers a battery life of up to 18 months, saving you from the nuisance of replacing batteries.

Reliable 5 GHz wireless connection
Wireless and interference-free: The 5 GHz standard developed by Rapoo avoids interference from other wireless devices. What's more, it offers you a range of up to 10 m and 360° coverage – and all while consuming very little power.

High resolution 1000 DPI sensor
Enjoy total control: The high-performance 1000 DPI optical sensor offers you smooth and accurate mouse-pointer control.

Up to 18 months battery life
Low energy consumption: Rapoo's latest energy-saving 5 GHz technology combined with the on/off switch means you can use this mouse continuously for up to 18 months.
